Department of Computer Engineering

Industrial Visit Report 2022-23(Deshpande Startups, Hubballi)

On 27th April 2023, Department of Computer Engineering had organized an Industrial Visit for 6th & 8th semester students of Computer & IT as a part of their curriculum. Students were accompanied by four faculties of Computer (Prof. Neelam Jadhav) & IT Department. The visit was planned to Deshpande Startups, Hubballi, Karnataka. The Visit was organized by Prof. Kaveri B. Kari.

The journey started on 26th April at 6:30 am by a private bus booked for the visit. We reached Hubballi on 26th April at around 8:30 pm. We went to Shri Siddharoda Ashram at Hubballi where we stayed and started our journey to Deshpande Startups on 27th April. We reached the Startups by 9:30 am where after a few formal security checks were done & then we were let inside. The slot for the visit was from 9.30am to 11.30am which was pre-specified in the mail during communication. Mr. Syed Noor Badsha (Sr. Scientist, Deshpande Startups) guided us by showing the Incubation center giving a complete idea of Entrepreneurship. Demonstrated the working of various machines. They explained the importance of precise cutting & surface finishing of the jobs. He showed us the way of making of plastic objects using "Injecting Techniques" of plastic. Being an Entrepreneur Sir explained the management of man power & machines. Sir explained the different courses offered by training sections. Sir had taken us to various labs for showing the real time working of all streams including Software (Computer, Electronics) & Hardware (Mechanical & Civil). After the session we left the place and started our journey back to GSMCOE, Pune, Maharashtra.

This one day of industrial visit enriched our knowledge and helped us to know more about Entrepreneurship & various challenges to go for a Startup. It gave students an idea of how Government aids Entrepreneurs. It made our students to think in a different way to build their career instead of just seeking a job.
