"Bharat Swachh Abhiyan" **A Step towards Environmental Protection**

“Swachh Bharat Abhiyan”, launched by the Government of India, aims to achieve cleanliness and sanitation across the nation. Our institute recognizes the importance of this initiative and actively participates in various cleanliness drives. During a recent industrial visit, our institute took a proactive approach to contribute to the Swachh Bharat Abhiyan by cleaning Hill places, thereby fulfilling our responsibility towards society and the environment.

Baner Hill area places hold immense value as destinations that utilize for trekking and natural experiences to visitors. However, to fully utilize and enjoy these places, it is essential to maintain cleanliness and preserve their natural beauty.

During our Baner Hill area our group of students took up the task of cleaning designated areas Under the guidance of our faculty members and with the support of local authorities, we executed the following activities:

1. Litter Collection: We initiated a thorough clean-up of the designated areas, collecting litter and waste materials such as plastic bottles, wrappers, and debris.
2. Segregation and Disposal: Following the principles of waste management, we segregated the collected waste into recyclable and non-recyclable categories. Recyclable materials were properly disposed of, while non-recyclable waste was disposed of responsibly in designated bins.

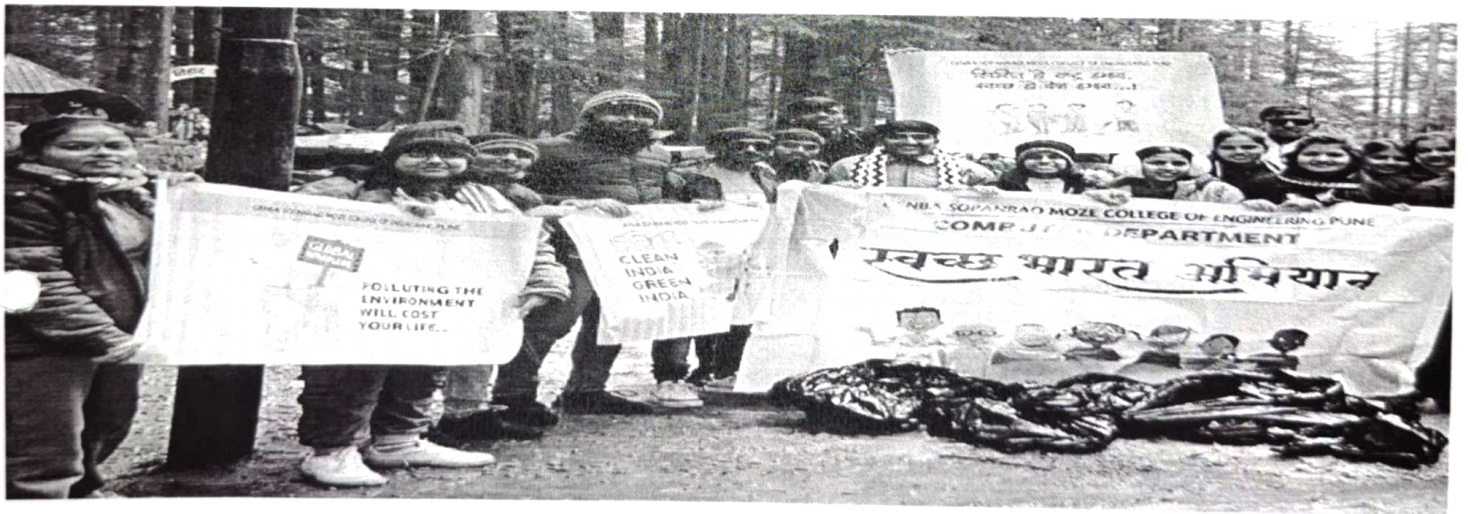

Our institute's involvement in Swachh Bharat Abhiyan by cleaning tourist places during the Baner Hill area exemplifies our commitment to environmental sustainability and community welfare. Through collective action and ongoing engagement, we aim to continue contributing to the Swachh Bharat mission and inspire positive change in society.

Report Green Activity at Baner Hill's

NAME OF PROGRAMME: Swachh Bharat

PURPOSE OF PROGRAMME: Social Cause

DATE: 12/03/2020

TIME: 07:00am to 11:00am

NUMBER OF PERSON ATTENDED: 51 students & 13 faculties

DESCRIPTION OF PROGRAMME:

To contribute the beautiful work of Swachha Bharat and Tree Plantation a programme was held by our college G. S. Moze College of Engineering, Balewadi, Pune in collaboration with United Group of Happy Friends(NGO) on 12th Mar 2020, 7.00am at Baner Hills. The students of F.E., S.E, T.E, and B.E. were actively participated in the programme. **All teaching and non teaching staff** were present for cleaning, sapling as well as mulching for plants.

A small group of people joined hands to clean the area and plant saplings at Tukai hill, popularly known as Baner hill. More than a decade later Baner hills, to be named as ChandrakantGarudkar bio-diversity Park, has been developed into lush green cover.

We had cleaned the area and had planted various types of plants some of them being Jacuranda (niligulmohar), Queen's flower, Queen's Crups, Indian laburnum, Copper pod (tamrashirchi), Mountain Ebony, Purpleorchid tree (kachanar), African Tulip tree, scarlet, fountain Tree (Pichakari), Rain tree and jurul tree. Our teachers had also explained about the trees and the importance of tree plantation. Even our help staff also taught us how to plant them and then they watered the plants. VasundharaAbhiyanvolunteers told us different thing about the plant, their uses etc. At the end of programme there was a photo session with Principal, teachers and students.

Report on “Niwara Kendra”

To uplift humanity & cultivate helping nature in the students, the Department of Information Technology, G S Moze College of Engineering, Balewadi, Pune planned to offer some groceries to the Orphanage & Old-Age Home-Savali Niwara Kendra, Pimpri on 15/02/2020.

We visited the Kendra at around 10am. There were all kind of people (small children to senior citizens). We offered some groceries to them & spent some time with them. People shared their feelings & experiences. We learnt too many lessons of life from them. Savali Niwara Kendra has a hospital of its own to treat the infected & sick people at their home. The students learnt a lot from them.

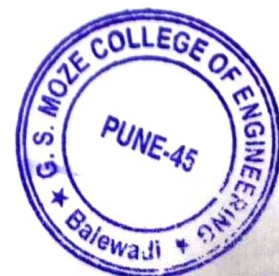

The people over there were very happy for spending their time with us. They expressed their gratitude for the contribution done by department of IT.

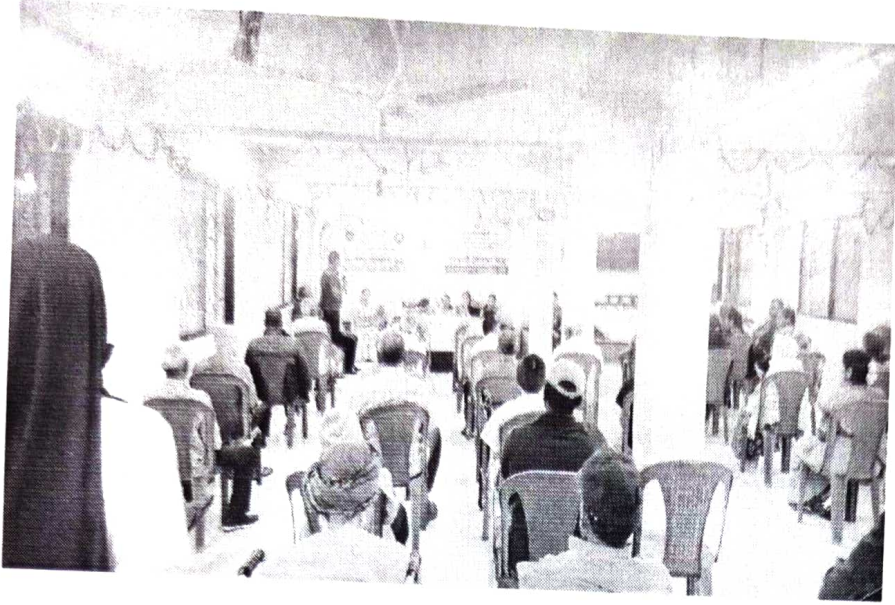

We are grateful to the Management and Principal, Dr. A B Auti for giving us an opportunity to uplift humanity. We are thankful to all the faculties & students of IT department without whom this event wouldn't have been grand success.

Interaction with the people at Niwara Kendra.

Report of Voter Awareness Programme 2019-2020

Genba Sopanrao Moze College of Engineering Balewadi arranged Voter Awareness program. All the students including faculty of institute took part in Voters Day Pledge on 25th January 2020. The National Voters Day is celebrated every year as mark of the foundation day of Election Commission of India, i.e. 25th January 1950. The main purpose of the National Voters Day celebration is to encourage, facilitate and maximize the enrolment of new voters.

This year, the theme of the National Voters Day was 'No voter to be left behind'. The day was celebrated at seminar hall. During the National Voters Day, first time voters were invited and asked to register for Electoral Photo Identity Cards (EPIC). Also, on this day, Awards for the Best Electoral Practices were awarded to the students. Day is celebrated by taking this pledge our students understood the importance of voting.

**"Empowering Communities: Genba Sopanrao Moze College of Engineering's
COVID-19 Awareness Initiative in Mithila Homes Co-operative Housing
society limited"**

Date: 02/03/2020

Venue: Mithila Homes Co-operative Housing society limited, Ravet, Pune.

Introduction:

Genba Sopanrao Moze College of Engineering, Balewadi, extended its efforts beyond the campus boundaries by organizing a Coronavirus awareness event in Mithila Homes Co-operative Housing society limited. This initiative aimed to educate residents of the society about the ongoing pandemic, dispel myths, and promote preventive measures to combat the spread of the virus.

Objective:

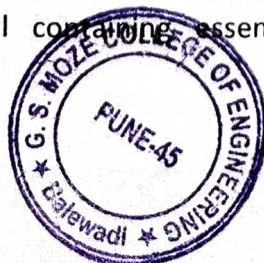

The primary objective of the event was to raise awareness among residents of the society regarding the Corona virus pandemic and encourage them to adopt safety measures recommended by health authorities. Additionally, the event aimed to address any misconceptions or concerns the residents might have had about the virus and vaccination.

Activities:

1. **Educational Workshops:** Healthcare professionals and experts were invited to conduct educational workshops covering various aspects of COVID-19, including its transmission, symptoms, preventive measures, and the importance of vaccination. These workshops provided residents with accurate and reliable information to help them make informed decisions regarding their health.

2. **Interactive Sessions:** Interactive sessions were organized to facilitate open discussions and address any questions or concerns raised by the residents regarding the pandemic. This allowed for a more personalized approach in providing information and guidance tailored to the specific needs of the community.

3. **Distribution of Informational Material:** Pamphlets, brochures, posters, and other informational material containing essential information about COVID-19, preventive

measures, and vaccination were distributed among the residents. These materials served as valuable resources for residents to refer to and share with their families and friends.

4. Demonstrations: Practical demonstrations on proper handwashing techniques, correct usage of masks, and maintaining social distance were conducted to ensure that residents understood and could replicate these essential preventive measures in their daily lives.

5. Q&A Sessions: Question and answer sessions were organized to address any doubts or queries raised by the residents regarding COVID-19, its transmission, symptoms, preventive measures, and vaccination. This provided an opportunity for residents to clarify their doubts and gain a deeper understanding of the pandemic.

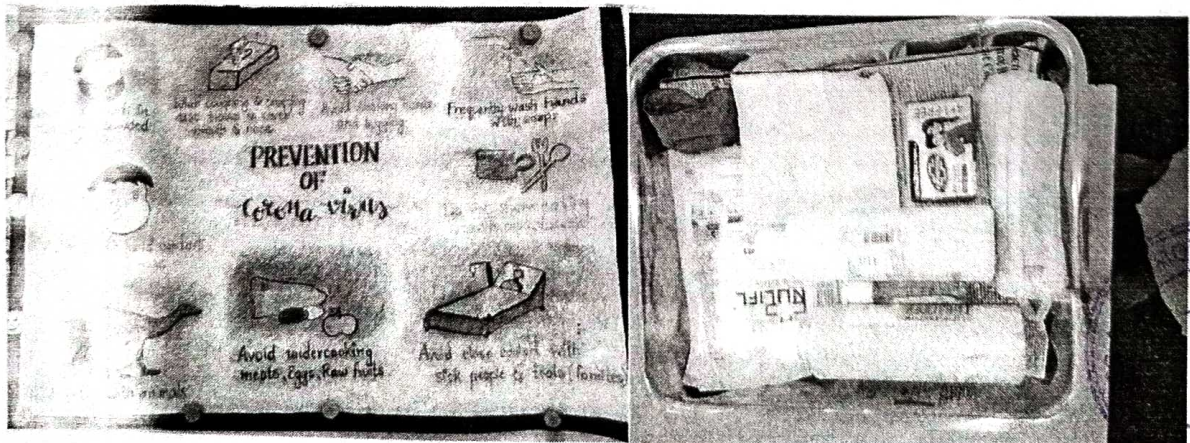

Conclusion:

The initiative undertaken by Genba Sopanrao Moze College of Engineering, Balewadi, to organize a Coronavirus awareness event in Mithila Homes Co-operative Housing society limited underscores the importance of community engagement and collaboration in combating the spread of COVID-19. By reaching out to residents beyond the college campus, the event succeeded in spreading awareness and empowering individuals to take proactive measures to safeguard their health and well-being.

Acknowledgments:

We extend our sincere gratitude to all the residents of Mithila Homes Co-operative Housing society limited for their active participation and engagement in the event. Special thanks to the organizing committee, volunteers, and guest speakers for their invaluable contributions in making the event a success.

Mode of COVID 19 Transmission, Identification of symptoms, safety measures, demonstration of use of mask, hand washing, were the key highlights of the session

Report on SOCIAL AWARENESS PROGRAM FOR Nutrition for a Healthy Pregnancy

The department of first year engineering in association with “ME N MOMS Nigdi Pradhikaran” organized a Session on 18/02/2020 Tuesday from 11 am to 1 pm.

Title of the Session is “Nutrition for a Healthy Pregnancy”

Objective:

The primary objective of the session was to the primary objective of the program was to disseminate crucial information to pregnant women, enabling them to make informed decisions about their health and prenatal care. Additionally, the program aimed to raise awareness about common issues and challenges faced during pregnancy and provide support and guidance to mitigate them. They delivered insightful presentations covering the following key topics

Program Components:

Pregnant women were provided with one-on-one counseling sessions where they could address their concerns and queries regarding pregnancy and Hygiene.

Informational Materials: Pamphlets, brochures, and gift sets were distributed among the participants, covering essential topics related to pregnancy and maternal health. These materials served as valuable resources for pregnant women to refer to throughout their pregnancy journey.

The program encouraged active participation from the local community, including family members and caregivers of the pregnant women. Community engagement sessions were organized to foster support networks and promote a conducive environment for maternal health and well-being.

'A person's most wonderful asset is not only a mind full of materialistic knowledge, but also a heart full of compassion, a soul brimming with love and a hand always willing to help others.' We, at G.S.Moze CoE Balewadi take immense pride to state that we observed a notebook donation to poor People on 15th February, 2020 with great exaltation. The altruistic drive was spearheaded by Mr. Patil and Shete. College and a dedicated social activist. Mr. Patil and Shete took a wonderful initiative to distribute study-utilities to the needy and set an example for all to follow. G.S.Moze CoE feels exuberant to be an associate of this drive. under the a number of donation drives, health camps and awareness programmes are undertaken regularly to alleviate the sufferings of the people. Under the umbrella of this benevolent drive, Mr. Patil and Shete inspired the children from the poor people Area to study hard and to pave their own way to success in future. We, at, believe that education is the best channel to bring about emancipation. We stand at an elevated moral setup that only monetary help eventually adds to the misery of the people in the long run and hence educating them and providing them with useful vocational skills is the only way to channelise them into mainstream society and to inspire them to carve a niche for themselves. And after all, on a concluding note, 'The best way to find yourself is to lose yourself in the service of others'

Event Detail

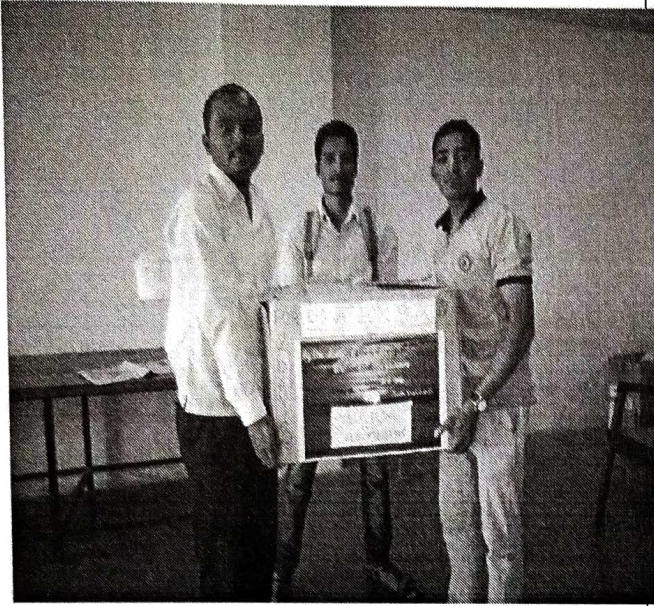

Event Start Date: 21/12/2019 Event End Date 21/12/2019

Genba Sopanrao Moze College of Engineering organized cloth donation camp at nivasi school chinchwad and Zopadpatti area. Total 27 volunteer are participated in cloth donation event. We have kept one empty box to each department in our college and those are interested to donate the cloth they are kept the cloth in the box. Before visited to nivasi school we have collect all the cloth in one place and sort out small children and big age group people cloths. Mr. Girish Prabhune has setup a school. "Clothing is not just a matter of fashion, it's a human right." Winters and rainy in many parts of India can be very wet and harsh, especially for the rural and urban poor who don't have access to woolen clothing or cover. G.S. Moze CoE Balewadi successfully organized a cloth donation drive in the Nivasi School Chinchwad area on 21st December, 2019 with a hope to offer solutions to this grave problem. The event was indeed a successful one and witnessed an immense turnout of people. Winter clothing like cloths, sweaters, shawls, socks, blankets, towels etc. were distributed by volunteers to the people living there. It was really a blissful moment for us to strain our nerves with a hope to bring a smile on their faces. This attempt might not have alleviated all their problems, but may have decreased their sufferings to some extent.

DEPARTMENT OF E&TC ENGINEERING

Literacy Awareness Report – 08/10/2019

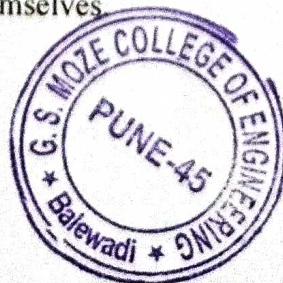

Our E&TC Department students at GSMCOE College took steps to help peons and workers improve their reading and writing skills. We did this by teaching them in a way that was easy to understand and by talking with them to understand their needs better.

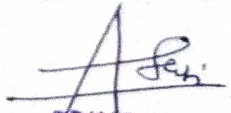

Teaching Activities:

- **Basic Literacy Classes:** E&TC Department students conducted regular basic literacy classes for laborers, focusing on fundamental skills such as reading, writing, and numeracy. These classes were designed to accommodate the diverse educational backgrounds and learning needs of the participants.
- **Interactive Learning Sessions:** To promote active engagement and participation, interactive learning sessions were conducted where laborers were encouraged to ask questions, share their experiences, and collaborate with their peers. These sessions fostered a supportive learning environment and encouraged skill-building through dialogue and interaction.
- **Vocational Training:** Recognizing the importance of holistic development, vocational training sessions were integrated into the curriculum to equip laborers with practical skills relevant to their trades. These training sessions complemented literacy instruction and empowered participants to enhance their employability and income-generating potential.
- **Progress Tracking and Support:** E&TC Department students implemented mechanisms for tracking the progress of laborers and providing ongoing support and guidance. Individualized feedback sessions were conducted to assess learning outcomes and address any challenges or barriers encountered by participants.

Results:

- **Better Skills:** The laborers and workers showed improvement in their reading, writing, and job-related skills. They felt more confident in themselves.

- **Happier Community:** By interacting with each other and learning together, they formed a closer-knit community. They supported each other and felt proud of their progress.
- **Long-lasting Impact:** Our efforts didn't stop after a few sessions. We made plans for continued support and learning to ensure that their progress lasts.

Outcomes: Our initiative to improve literacy among laborers and workers was a success. Through simple teaching methods and meaningful interaction, we were able to make a positive impact on their lives. We'll keep working to support them and help them reach even greater heights in the future.

Report on Go Green Campus

Name of Program: Go Green Campus- 2019

Date: 07/12/2019

Venue: Shree Gurukul International School, Balewadi

Organizer: Department of IT, GSMCOE, Balewadi

Objective: To transform our campus into a sustainable and eco-friendly environment by implementing various green initiatives.

In order to achieve this objective, the Department of IT had organized a Go Green Activity at Shree Gurukul International School, Balewadi on 07/12/2019.

All the Staffs & students of IT started planting the plants.

The motive of the event were:

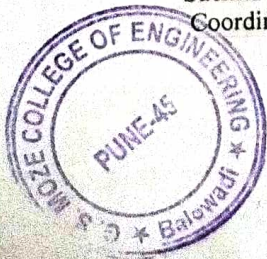

- Increase greenery on campus through tree planting initiatives, rooftop gardens, and landscaping projects.
- Create outdoor learning spaces and community gardens for educational and recreational purposes.
- Maintain native plant species to support biodiversity and ecosystem health.
- Minimize the use of pesticides and herbicides to promote natural pest control methods.

We are grateful to the Management and Principal, Dr. Ratnaraja Kumar Jambi for giving us an opportunity. We are thankful to all the faculties & students of the IT department without whom this event wouldn't have been a grand success.
