### Report on Time to Care About Your Health

On 07.09.2020, Genba Sopanrao Moze College of Engineering, Balewadi, in collaboration with the United Groups of Happy Friends (NGO), organized a webinar titled "Time to Care About Your Health." The focus of this event was to raise awareness about women's empowerment and well-being. In this report, we delve into the key takeaways from the webinar and highlight the importance of empowering women in various aspects of life.

The mental conditioning of Indian society has led to women having a very high threshold of patience and silence. Health of a woman is not a priority in our country. No one wants to invest in women's health. It works both ways because most of the time women also keep silent about their health issues. This was the core objective behind the webinar conducted.

Core areas focused during the webinar:

**Fat Right:**

Sometimes, medicine can cause you to gain weight. Other times, eating unhealthy foods can cause weight gain. Foods high in calories and saturated or "bad" fats can raise your blood pressure and cholesterol. This can increase your chances of gaining weight and having other health problems, like heart disease and diabetes. Following points discussed:

- Don't skip meals. Eating consistently throughout the day provides your brain and body with a steady supply of fuel.
- Snack well. Sustain your energy by eating healthy snacks.
- Work on your balance. Your brain needs a healthy supply of carbohydrates, fats, and proteins, or it can't perform functions that affect your mood and thinking.
- Don't over-diet. Eat to be healthy and fit - not to compare to anyone else.

**Diet And Depression:** Following points discussed under depression and diet:

- Vitamin B-12 and folate. Good sources of B-12 are fish like salmon and trout and breakfast cereals that indicate in the nutrition information that they are fortified. Folate is found in dark leafy vegetables, almonds, dairy products, and fortified whole-grain breakfast cereals. Examples of fortified food include milk, salt, and certain cereals such as Special K, Cheerios, Total, Wheaties, and Local Frosted Flakes.
- Omega-3 fatty acids. The best source of omega-3 fatty acids are fatty fish like salmon, catfish, and trout. Other sources include ground flaxseeds, walnuts, and egg yolks.

Some glimpses of the webinar.

Subject: Invitation letter to conduct a Webinar on Cyber Security Awareness for students of GSMCOE, Balewadi, Pune

Dear Sir/Madam,

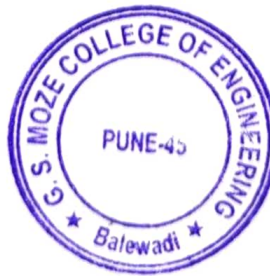

You may be aware that GS Moze College of Engineering (GSMCOE), Dept. of MBA, Balewadi, Pune established in 1999 affiliated to Savitribai Phule Pune University is an education trust, a pioneer in imparting quality professional's education in field of engineering, and related.

We are writing to extend a cordial invitation to the esteemed members of the Rotary Club of Poona, West, to conduct a webinar on Webinar on "Secrets Hackers Do Not Want You to Know" on 8<sup>th</sup> April 2021 for students of GSMCOE.

It is understood that the seminar as would be organized in association with Pune Police will aim to raise awareness among our faculty, staff, and students about the critical aspects of Cyber Security Awareness. We believe that your expertise and knowledge in this domain will greatly benefit our attendees and contribute to the cause of promoting a safe internet day in today's times of hybrid mode of operation.

Thank you.

**Report**

The Rotary Club Pune-West, in collaboration with the Pune Police, organized an enlightening webinar titled **"Secrets Hackers Don't Want You to Know" on 8<sup>th</sup> April 2021 Thursday**, the primary objective of this initiative was to educate our college community at GSMCOE, Balewadi College about the critical importance of cybersecurity and to equip them with best practices for ensuring online safety.

Key takeaways of the webinar:

- Hackers Are Patient and Persistent
  - Hackers exhibit remarkable patience when attempting to breach systems. They tirelessly explore various avenues, trying out countless passwords until they succeed.
  - Their persistence extends beyond a single day; they may continue their efforts over multiple days, undeterred by initial failures.
- Social Media Monitoring
  - Hackers closely monitor individuals' social media accounts, seeking sensitive information such as pet names, birthdates, and anniversaries.
  - This information is often used to create personalized phishing attacks or guess passwords.
- Beware of Unsuspecting Emails
  - Email remains a vulnerable tool for hackers. They send seemingly harmless emails, requesting sensitive details like bank information.
  - Always verify the legitimacy of such emails and avoid falling into their traps.
- Public Wi-Fi Risks
  - Logging into public Wi-Fi networks exposes users to cyber-attacks. Hackers can manipulate data in real-time on unsecured networks.
  - It's advisable to avoid public Wi-Fi whenever possible and use private, secure connections.

The "Webinar on Secrets Hackers Don't Want You to Know" served as an eye-opener for our college community. By implementing the recommended cybersecurity practices, we can collectively safeguard our digital lives and protect sensitive information. Total number of student and faculty participants were 57 through on-line mode.

**REPORT ON “DONATION ACTIVITY”**

To bring the humanity & develop helping hands for the underprivileged children in the society we, the department of Information Technology, G.S. Moze College of Engineering, Balewadi, Pune planned to donate a small amount to the “Mahesh Foundation”- a home for HIV infected & underprivileged children on 02/03/2021 as a part of Social Activity.

The main motive of the event was to provide support to the children who are HIV infected & Underprivileged children in the society. Mahesh Foundation is an organization that has been tirelessly working for the past 12 years to uplift HIV-positive and underprivileged children. At Mahesh Foundation, the primary goal has always been to enable these children to lead independent and dignified lives. They firmly believe every child deserves a chance at a brighter future, regardless of their circumstances. Mahesh Foundation is registered under the Karnataka Societies Registration Act and is eligible for legal status. In addition, Mahesh Foundation is eligible for the tax benefits under Section 80G of the Income Tax Act. It is also registered under the FCRA (Foreign Contribution Regulation Act) to receive donations from foreign sources implying the great financial stability of the organization. The founder, Mr. Mahesh Jadhav was honored with the National Award for Child Welfare by the Government of India. The organization has received ISO 9001:2015 from the Indian Standards Organization. The organization is recognized as the FIT institution by the Government of Karnataka in 2014.

A special thanks to Mr. Mahesh Jadhav for his unconditional support for every move of the organization.

We are grateful to the Management and Principal, Dr. Ratnaraja Kumar Jambi for giving us an opportunity to extend our hands to help the needy. We are extremely thankful to all the faculties & students of the IT department for extending their hands in helping the HIV infected children without whom this event wouldn't have been a grand success.

**TO WHOMSOEVER IT MAY CONCERN**

Mahesh Foundation is an organization that has been tirelessly working for the past 15 years to uplift HIV-positive and underprivileged children. Over the years, our Foundation's Care Home has significantly impacted the lives of over 3,600 children through our Care Home, providing them with a safe and supportive space to grow and thrive.

Furthermore, our Community Support program has positively influenced the lives of 68,000 socially disadvantaged families affected by HIV. Mahesh Foundation is committed to raising awareness about HIV/AIDS. We have reached 900,000 school and college students. We have supported the education of 31,000 underprivileged children.

We are pleased to inform you that the **Department of Information Technology at G S Moze College of Engineering, Pune** has generously donated a sum of **Rs. 4,500/-** to Mahesh Foundation on **02.03.2021**. Their contribution greatly helps us in our mission to support underprivileged children by providing them with education, healthcare, and other essential amenities.

We extend our heartfelt gratitude to the faculty, staff, and students of the Department of IT for their noble gesture and commitment towards making a positive difference in the lives of those in need.

Thanking you,

Yours faithfully,

Event Detail

Event Start Date: 26/12/2020    Event End Date 26/12/2020

"When something happens in your life, it is not the incident which is of much significance but the way how you respond to it." Genba Sopanrao Moze CoE Balewadi , organized, interactive session on Stress Management on 26<sup>th</sup> December, 2020, with great exuberance. The talk was spear headed by Mr.Atul, an eminent psychiatrist with specialisation in counselling psychology. Mr.Atul hails from reputed educational institutes such as the Delhi University. He was one of the founding team members of the Epsyclinic and has been its integral part since the very inception. Mr.Atul initiated the interaction by listing the deep rooted causes of stress : Exams' pressure, peer pressure, relationships and failures, and the fact that how an individual stands on thin ice when he's passing through these phases of life. She iterated the importance of mind relaxation through the practice of Yoga and Meditation. She also delivered a deeply engrossing talk on how many adolescents cannot cope with stress in their lives and ultimately commit suicide, and how it's an alarming situation for us. Mr.Atul, during the talk, also presented an Android application: "I will" . The application basically seeks out to ascertain a person's mental health with the help of general questions. The attending volunteers were encouraged to download the application too. For the culmination of the session, Mr.Atul and the volunteers made valuable additions to the discussion that how stress needs to be dealt with more efficiency and how it is a wakeup call for acknowledging a person's mental health and stress levels. The exquisitely intriguing discussion proved to be of great benefit to the students. It added great depths to their understanding of psychological health and equipped them with a serene and revived positive outlook for life. After all, Stress is dangerous for your health, so have it in moderation like sweets, junks and cold drinks. All volunteer and coordinator had taken efforts for successfully completion of events.

All the students and staff of Computer Department are hereby informed that our department has planned upcoming visit to ‘Orphanage Home- Jivhala Blasgopan Gruh’. This visit aims to promote a sense of social responsibility among our community members provide an opportunity for both students and faculty to interact with the children at the orphanage and contribute positively to their lives.

Date: 02 July 2020 Time: 12:30 PM- 3:30 PM

Meeting Point: Genba Soprano Moze College of Engineering, Balewadi.

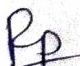

During this visit, students will have the chance to engage in various activities with the children, learn about their daily lives, and understand the challenges they face. We believe that such experiences not only foster empathy and compassion but also promote a sense of social responsibility among our community members. All students and faculty members are encouraged to participate in this meaningful initiative.

If you are interested in joining us for this visit, please sign up at college campus by 12:15 PM .

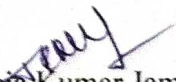

For any inquiries or further information, please contact 87932 72977

Let us come together as a community to make a positive difference in the lives of those in need. We look forward to your participation in this visit to the orphanage.

Subject: Request for Departmental Visit to Orphanage.

Respected Mam,

I am writing to you on behalf of the Computer Engineering Department at Genba Soprano Moze College Of Engineering, Balewadi Pune, 411057. As the Head of the Department, I am reaching out to discuss the possibility of organizing a visit to your esteemed orphanage.

We believe that visiting your orphanage would not only provide our team with an opportunity to contribute positively to society but also allow us to understand the challenges faced by orphaned children and explore potential avenues for support and collaboration.

We are keen on discussing any specific needs or areas where our department can offer assistance, whether it be through volunteering, donations, or other forms of support. Therefore, we would greatly appreciate it if you could suggest a suitable date and time for our visit.

Please consider this letter as a formal request for our departmental visit to your orphanage. We are genuinely excited about the prospect of collaborating with your organization and making a positive impact on the lives of the children under your care.

Thank you for considering our request. We look forward to your favourable response and the opportunity to visit your orphanage.

Warm regards,

Prof. Bharati Kudale

## Orphanage Visit Report

### Introduction:

On 2 July 2020 Genba Sopanrao Moze College of Engineering, Balewadi organized a visit to Jivhala Blasgopan Gruh, Ma ganga colony, behind B.T. memorial school, Nadhe Nagar, Kalewadi, Pune, Maharashtra 411017, India. There are many childrens who are complete orphans because they were abandoned due their mental condition and many children are left there permanently by known parents who offer little or no support to their care. The goal is help these special kids stand in unison with their peers and make them self-sufficient in their own capacity within their capabilities. At the institution, the children help each other, look after one another under the guidance of well trained staff who act as their only family.

### About the Orphanage:

Jivhala Balsangopan gruh is an orphanage based in Thergaon, Pune. Jivhala was started in the year 2011 by Mr. Vikas patole with the aim of helping orphans. Complete care is taken of orphans and destitute with outmost LOVE and CARE.

Vikas Patole, Founder. Jivhala Balsangopan gruh is a home for orphans.

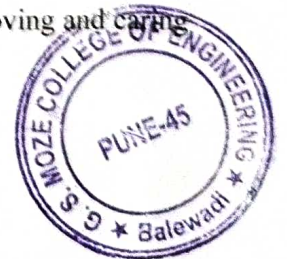

To provide refuge, rehabilitation, education and most importantly, a place to call home for the children of the section of society who are deemed 'mentally retarded', rejected and ruthlessly abandoned by the poorer socio-economic strata.

Jivhala Balsangopan gruh is a home for orphans. The children stay here in the most loving and caring atmosphere, they are here till they become independent & responsible citizens.

Rehabilitation unit and engaged them in special workshops.

### Facilities Offered:

- The place comprises of Ground floor Big hall for activity of children's like dance drawing and more others, security room, dining space, kitchen, storage and admin space.

**GENBA SOPANRAO MOZE COLLEGE OF ENGINEERING**  
**Department of Computer Engineering**  
**Academic Year 2020-21 / SEM-I**

- The place was very clean and structured.
- Children have a set daily route and a meal plan for the week.
- Their dining etiquettes were very disciplined

### **Number of Children:**

Currently the Jivhala Balsangopan gruh is home to 50 children. The age range of the children varies reflecting the diverse composition of the orphanage community. Despite their differing backgrounds and circumstances, the children share a bond forged by their shared experiences, creating a supportive and nurturing environment within the orphanage.

The orphanage is staffed by a dedicated team of caregivers and volunteers who work tirelessly to ensure the well-being and happiness of the children. Through their collective efforts, the orphanage provides a safe and loving home where children can thrive and grow.

Overall, Jivhala Balsangopan gruh stands as a beacon of hope and support for specially-abled children, offering them a nurturing environment and the opportunity to build brighter futures.

### **Activities:**

- **Interaction with Children:** We spent time engaging with the children through games, storytelling, and conversation.
- **Tour of Facilities:** We were given a tour of the orphanage facilities to understand their living arrangements and daily routines.
- **Donation:** We distributed essential items in terms of grocery collected through donations from our college community.

### **Outcomes:**

- Increased awareness about the challenges faced by orphaned children.
- Strengthened bonds between our college and the orphanage.
- Provided tangible support to improve the lives of the children.

**Conclusion:** The visit Jivhala Balsangopan gruh was a rewarding experience for all involved. We are committed to continuing our support for the orphanage and look forward to future collaborations.

DEPARTMENT OF E&TC ENGINEERING

Online Cleaning Activity Report – 19/12/2020

In response to the challenges posed by the COVID-19 pandemic, the Electronics and Telecommunication (E&TC) Department students of GSMCOE college embarked on an innovative initiative of conducting an online cleaning activity from their homes. This report aims to provide an overview of the initiative, its objectives, methodology, outcomes, and the impact on student engagement and community involvement.

Objectives:

- To promote cleanliness and hygiene practices among students while adhering to social distancing guidelines during the COVID-19 pandemic.
- To foster a sense of responsibility and ownership towards maintaining a clean environment, even amidst challenging circumstances.
- To utilize online platforms as a means of engaging students in meaningful and socially responsible activities.

DEPARTMENT OF E&TC ENGINEERING

Online Tree Plantation Report – 19/09/2020

A Online Tree plantation event was organized by E&TC Department on 19th September 2020 in order to spread awareness on how environment is important to us, and how we should take efforts to save it for our future generations. In response to the global call for environmental conservation and sustainability, students have embarked on a novel initiative of online tree plantation activities conducted from their homes

We had invited everyone to take part in this drive and contribute towards the social cause, as for any positive work starts from home, so it was requested to everyone to plant a sapling in their neighborhood and send us its photo or video. We got a very enthusiastic response from all the faculties and students.

**Outcome:** The online tree plantation activities undertaken by students from their homes represent a commendable effort towards promoting environmental awareness, community engagement, and personal empowerment. It is imperative to support and encourage such initiatives, as they play a vital role in nurturing a generation of environmentally conscious leaders and stewards.
