## Report On Soft Skill Seminar

(17<sup>th</sup> October, 2018)

To,

The Director/Principal

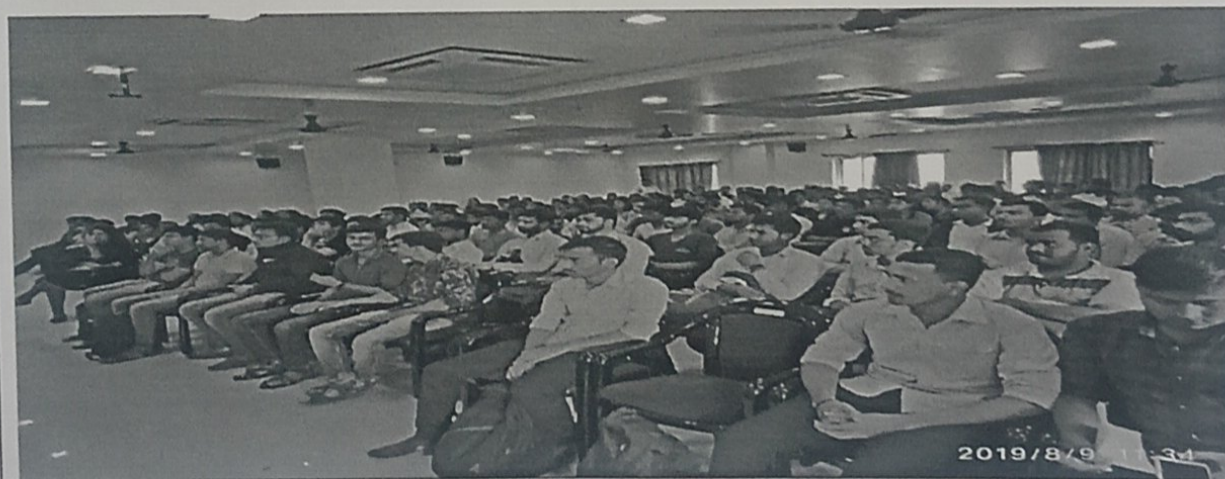

G.S.MOZE COLLEGE OF ENGINEERING BALEWADI PUNE-45

- Sub:- **Report On Soft Skill Seminar(Career Counseling)**

Venue: - Genba Sopanrao Moze College of Engineering Balewadi Pune-45

Event Start Date: 17/10/2018    Event End Date 17/10/2018

Genba Sopanrao Moze CoE Balewadi, Mechanical Department organized a career counseling session for students on 17<sup>th</sup> October 2018 in the College Seminar Hall . Career decisions play a pivotal role in shaping the future growth and development of students. In today's environment of multiple options, knowing about choices available helps children in their decision-making process. The session commenced with the College Principal, Dr.A.B.Auti reiterating the importance of knowing one's potential and subject of interest before making a decision. He also laid stress on the right combination of subjects as per their aptitude which should be reflected in their academic performance. He emphasized on the importance of making informed decisions. The resource person for the session was Dr.Ganesh Soni, an eminent career counselor. He is a prolific educator who has been associated with counseling and guidance for the past 10 years .He is educational consultancy which draws upon vast experience and research, to offer comprehensive services to students and college regarding decision making for the future. The session aimed at making the audience aware of the multiple career options available. He also shared information regarding leading universities and various courses available. He urged the students not to make decisions based on family expectations and peer pressure. He guided the students to identify their interests and what they are good at. He also advised them to plan multiple activities during their vacations to hone their skills. The session was informative and enriching for students as well as Staff. Among this seminar 68 students are present.

### Report on Guest Lecture

The Department of Information Technology had arranged a Guest Lecture on “Building Soft Skills” on 07/09/2018 from 11am to 1.30pm at Seminar Hall, E-building, G.S Moze College of Engineering, Balewadi. The session was organized by Prof. Priyanka More for SE, TE & BE students of IT Department. The topic delivered was very much beneficial for the students as the speaker gave a lecture on building soft skills including Good Communication, Critical Thinking, Problem Solving etc which helps students in facing the interview as well as their life.

Prof. Priyanka More (HOD, IT) expressed her sincere gratitude to the speaker and addressed the gathering regarding the content of the Guest Lecture in the welcome speech.

Speaker addressing the students and faculties.

The session of Guest Lecture went on smoothly and got good responses from the students. After the session, students were enthusiastic in clarifying their conflicts. Some of them suggested many ideas and those ideas were openly accepted. The session was very interactive & informative. The formal vote of thanks was given by Prof. Priyanka Mane.

## Guest Lecture Report on Career opportunities in Java Language

**Date:** 8 January 2019.

**Venue:** 201, E building, GSMCOE

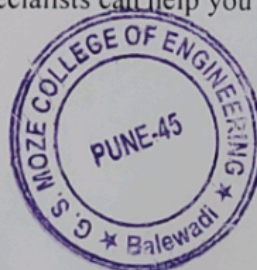

**Duration:** 10:00 am to 12:00 pm.

### **Program Details: Career opportunities in Java Language**

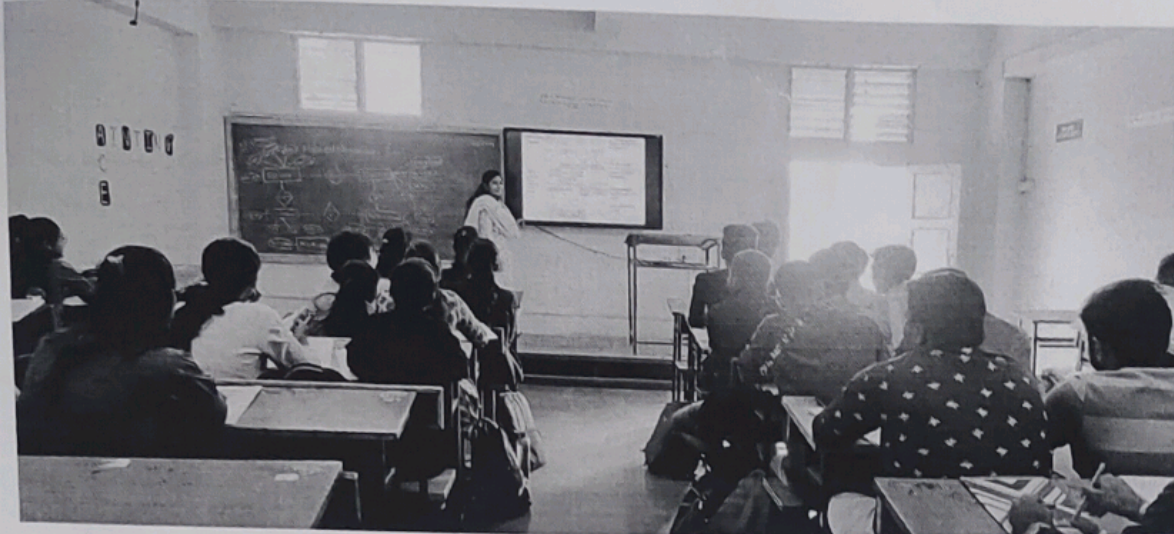

To give add on inputs to all the Students of Information Technology Engineering, GSMCOE today Prof. Rashmi Deshpande from Siddhant College of Engineering & Management Pune conducted a guest lecture on **Career opportunities in Java Language**.

He made the concepts of **Career opportunities in Java Language**. Also discussed which courses are useful as an engineer and also opportunities in Java field. The session was interactive and students enjoyed learning. Around 25 students got benefited of this guest lecture.

Java is a computer programming language with a general-purpose structure, predominantly object-oriented and class-based. Training in Java can help professionals access several rewarding job opportunities in fields such as finance, science and healthcare. Exploring the roles and responsibilities of various Java specialists can help you select a suitable position.

## Event Summary Report

Date: 18/10/2018

**Event:** Seminar on Career Guidance

**Mechanical Department (GSMCOE)**

**Name of Expert person:** Mr. Kuldeep (HR ExcelR Pvt. Ltd.)

**Date & Time of Training & Placement drive:** Tuesday, 17/10/2018 at 11.30 a.m.

**Venue:** Seminar Hall (GSMCOE)

➤ **Objectives of Training placement drive:**

1. Aware about industrial requirement & growth
2. To motivate students for skill employability.
3. Internship in govt. sector
4. Aware about growth in different sector
5. Aware about artificial intelligence sector

➤ **Outcome of Event:**

1. Students realized importance of industrial requirement.
2. Students aware about opportunities in different domain
3. Students got information about govt. sector job.
4. Students interact with expert person.

➤ **Sponsored by (If any):** MECHANICAL DEPARTMENT ( GSMCOE)

➤ **Number of Participants:** 62

**Industrial person:** Mr. Kuldeep (HR ExcelR Pvt. Ltd.)

➤ **Summary of Feedback:**

It was wonderful EXPERINCED CONDUCTING Seminar on "Career guidance" organized by **Mechanical Department (GSMCOE)**. Share importance of skill for Engineering Students and to motivate students for industrial training requirement. We should choose the subject and area in which we're genuinely interested and only then we will be able to succeed and make a name for ourselves. He mentioned that soft skills are something that is often noticed and that there must always be efficient communication to avoid any misunderstanding. He suggested SWOTTING ourselves and then working on our weaknesses to better ourselves

**Suggestions if any for Improvement in Future:**

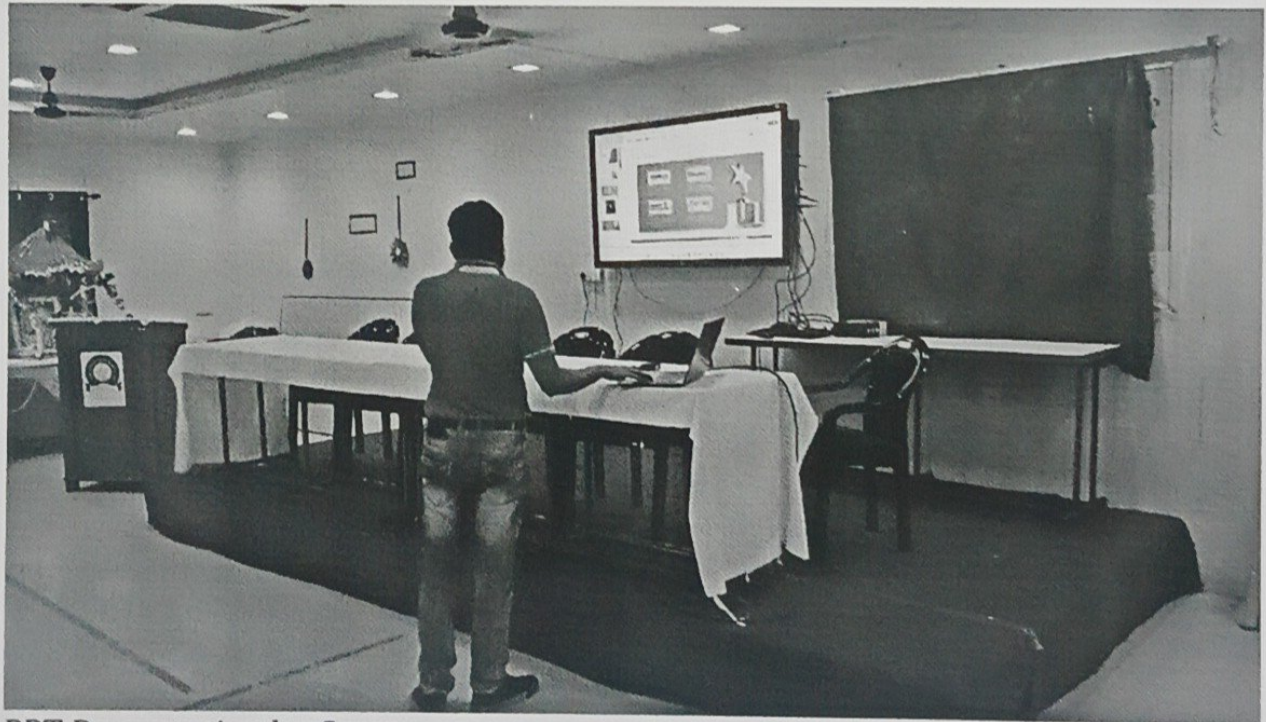

1. Increase number of participants to such valuable programs.
2. Arrange 2 seminar in per semester
3. Arrange seminar on AIML or new technology .

## Report On Soft Skill Seminar

(09<sup>th</sup> March, 2019)

To,

The Director/Principal  
G.S.MOZE COLLEGE OF ENGINEERING BALEWADI PUNE-45

- **Sub:- Report On Soft Skill Seminar(How to Building Resume,crack interviews and Building Profile)**

Venue: - Genba Sopanrao Moze College of Engineering Balewadi Pune-45

Event Start Date: 09/03/2019    Event End Date 09 /03/2019

Genba Sopanrao Moze College of Engineering Balewadi, Mechanical Department Organize soft Skill Seminar program on Resume Writing on 09/03/2019 at 10.00am in seminar hall. Dr. Ganesh Soni is a PhD from IITB-Monash research academy, IIT Bombay.His PhD work is in mathematical modeling of composite structures using finite element method (FEA, a numerical technique).

He has been working as mathematics trainer for SAT/GRE/GMAT from more than 5 years.He has more than 3 years of industrial experience in design and analysis of mechanical components using finite element method and presently working with USA based MNC. Among this seminar 81 students are present from TE and BE classes.

We are invited to Dr.Ganesh Soni to help fresher's in building their resume, how to crack interviews and building profile. During seminar he is share following things

Appropriate soft skills play an important role in a successful career as well as during social interactions in the society. These skills are also highly sought after by employers recruiting fresh graduates. The main purpose of this study was to investigate students' perceptions of the importance of soft skills for their education and employment

**What is a resume?** A resume is a one-page document that outlines your work/volunteer/internship experience, skills, and educational background required by most job applications.

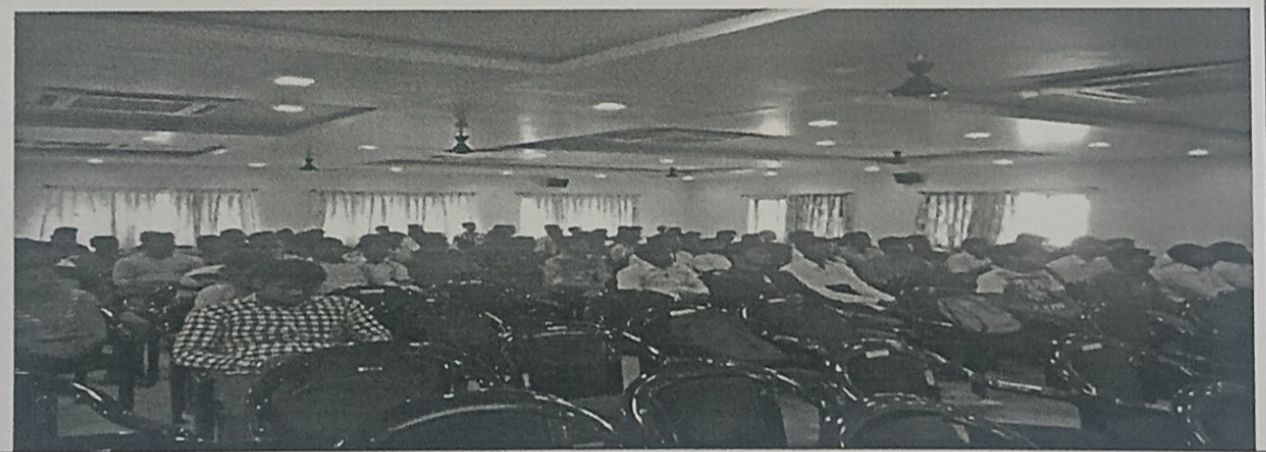

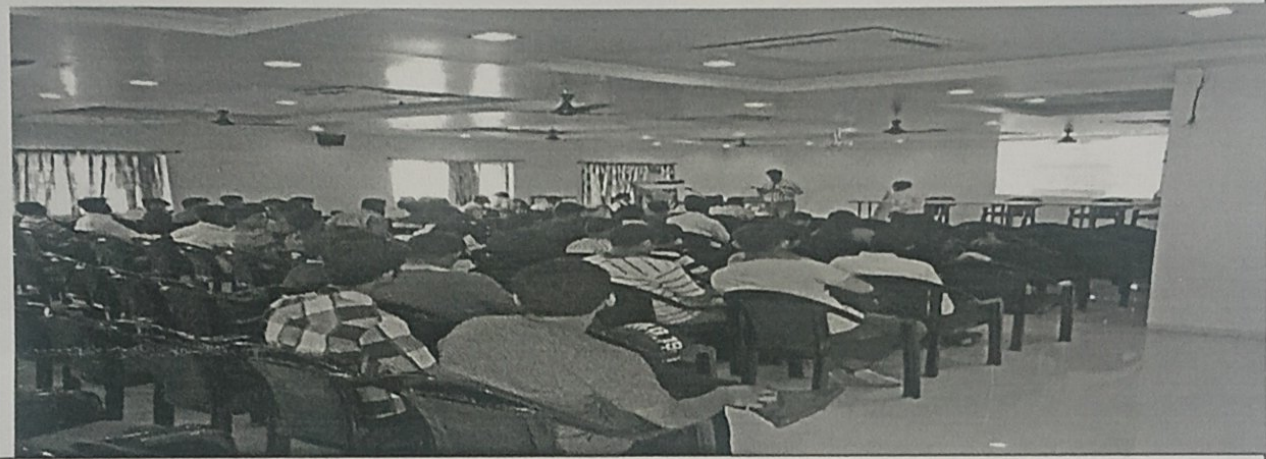

**Why do I need a resume?** Think of a resume as an opportunity. A resume is your chance to show off all of your great experience and skills to a potential employer. It's also your chance to make a catalogue of all of your skills in one compact place.

**What job does my resume need to accomplish?** Your resume should be persuasive. You're trying to include the best information possible to get the specific job you're applying for. Your resume should also be concise. It should be no longer than one page and should not use wordy language or fluff. Be detailed, but brief!

**How should my resume be formatted?** The Golden Rule of resume design is making it easy to read. Avoid clutter and make things easy to find. Start with what's most important and work down from there. Try to stick to one font throughout and two at the very most to keep things consistent. Your name and contact info should always appear at the top of the page.

However, they did not think that these skills contribute considerably to their academic performance. The top five important soft skills identified by the students were: teamwork and collaboration, decision-making, problem-solving, time management and critical thinking skills. This paper suggests certain measures for improving soft skills of students which may also help improve their employment perspectives.

**Subject: Invitation to conduct workshop on “Data Analytics”**

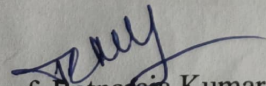

Dear Sir,

We hope this message finds you well. We are excited to extend an invitation to you to conduct a workshop on Data Analytics at our college. As a highly respected expert and thought leader in the field of data analytics, we believe that your insights and expertise would greatly benefit our students.

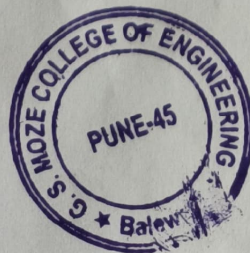

Your practical experience and innovative approach to data analytics will undoubtedly inspire and educate our attendees. Your participation will undoubtedly contribute to the success of our program and we look forward to the opportunity to collaborate with you.

Thank you for considering our invitation and we hope to hear from you soon.

Warm regards,

### Workshop Report on Data Analytics

A Data Analytics Workshop was held on 02/11/2018 at GSMCOE, Balewadi, Pune. The workshop aimed to provide students with an understanding of the fundamentals of data analytics and how it can be applied in various industries. The workshop was attended by BE students from Computer Engineering department.

#### **Key Highlights:**

Introduction to Data Analytics: The workshop began with a brief overview of data analytics and its importance in today's data-driven world. Participants learned about the different types of analytics, such as descriptive, predictive, and prescriptive analytics.

Hands-On Training: Students were provided with hands-on training on data analysis tools and techniques. They learned how to clean and manipulate data, perform data analysis, and create visualizations to communicate their findings effectively.

Case Studies and Best Practices: The workshop also included real-life case studies and best practices in data analytics. Students had the opportunity to learn from industry experts and explore how data analytics can be used to solve business challenges and drive decision-making.

Networking Opportunities: The workshop provided a platform for participants to network with peers and experts in the field of data analytics. Participants were able to exchange ideas, share insights, and build connections that could benefit their professional development.

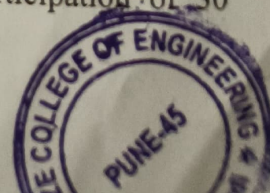

#### **Conclusion:**

Overall, the Data Analytics Workshop was a success, providing students with valuable insights and practical skills in data analytics. The workshop served as an effective learning platform for participants to enhance their knowledge and understanding of data analytics and its applications in various industries. Participants left the workshop with a better understanding of how to leverage data analytics to drive business success and make informed decisions.

#### **Recommendations:**

Based on the feedback received from students, it is recommended that future workshops include more advanced topics in data analytics, such as machine learning and artificial intelligence. Additionally, more interactive sessions and group activities could be incorporated to enhance the learning experience for participants.

The college effectively organized the session, which drew the participation of 30 students.

## **REPORT**

### **Introduction:**

A Career Guidance and Aptitude Seminar was held on **14/07/2018** at **E-201, GSMCOE, Balewadi, Pune** with the aim of helping students discover and enhance their skills, abilities, and interests to make informed career choices. The seminar aimed to provide valuable insights and guidance on various career options and opportunities available to individuals.

### **Key Highlights:**

- The seminar started with an introduction to the importance of career guidance and aptitude testing in determining a suitable career path.
- The speaker from Finserv Technologies shared his experiences and insights on choosing a career, career development, and the importance of continuous learning and upskilling.
- Interactive sessions were conducted to help students assess their skills, interests, and values and align them with potential career options.
- Aptitude tests and career assessments were conducted to help participants identify their strengths and weaknesses and explore career paths that are a good fit for them.
- Personalized career counseling sessions were offered to students to address their individual career goals, aspirations, and concerns.

### **Outcomes:**

- Participants gained a better understanding of their skills, interests, and values and how they can be leveraged to make informed career decisions.
- Participants were equipped with practical tools and resources to help them explore different career options and develop a career action plan.

### **Conclusion:**

The Career Guidance and Aptitude Seminar provided a valuable platform for individuals to discover their strengths, interests, and potential career paths. The seminar highlighted the importance of self-awareness, continuous learning, and career planning in achieving professional success and fulfillment. Overall, the seminar was a successful and insightful event that empowered participants to make informed career choices and take proactive steps towards their career goals.

Name of Department/Organizer	:	Civil engineering department
Date & Time	:	From: 07/09/2018 to 20/09/2018
Venue	:	Software lab
No of Participants	:	30

**• Objective of the Event**

The objective of the event was to make students familiar with AutoCAD software and to give the practical exposure through hands-on practice.

**• Brief information about the event**

The Department of Civil Engineering arranged Five Days Workshop on AutoCAD from 07/09/2018 to 20/09/2018. The Expert of the workshop were Mr Kishor Lekurwale and Mr Tejas Joshi who are Business Head of CADD Center, Pune. Thirty students from BE civil engineering attended the workshop.

The workshop started with inauguration ceremony followed by introductory speech by Prof Rahul Hodage, HOD Civil Engineering. During these twelve days, students learned different commands used in AutoCAD 2D and 3 D. The workshop was concluded by thanksgiving speech by Prof. Sonam Aggarwal, Assistant Professor.

**• Outcome of the Event :**

At the end of the event, students feedback were taken and the students were confident enough to use different commands, draw different plans, the elevation of a building using AutoCAD. This workshop also enabled students to become familiar with AutoCAD Software
