## **APTITUDE TRAINING REPORT**

Our organization recently conducted an aptitude training program for students to help them improve their skills and prepare for competitive exams. The program aimed to enhance students' problem-solving abilities, critical thinking skills, and time management capabilities to excel in various academic and competitive tests.

The aptitude training program spanned over four weekends. The session was held for six hours on each Saturday of August month, allowing students to fully engage in the learning process and practice the techniques taught.

### **Training Modules:**

The program covered a wide range of topics including quantitative aptitude, logical reasoning, verbal ability, and data interpretation. Each module was designed to address specific areas where students commonly face challenges and provided them with strategies to overcome those obstacles.

### **Interactive Sessions:**

The training sessions were interactive and engaging, with a mix of lectures, group activities, and hands-on exercises. Students were encouraged to ask questions, participate in discussions, and collaborate with their peers to enhance their learning experience.

---

**Outcome:**

At the end of the training program, students showed significant improvement in their aptitude skills, as evident from their performance in mock tests and assessments. They reported feeling more confident and well-prepared to tackle competitive exams and academic challenges.

**Feedback:**

Feedback from students was overwhelmingly positive, with many expressing gratitude for the opportunity to enhance their aptitude skills. They appreciated the structured approach of the program, the expertise of the trainers, and the supportive learning environment provided.

**Conclusion:**

The aptitude training program was a resounding success, providing students with valuable skills and knowledge to excel in their academic and professional pursuits. We look forward to organizing similar programs in the future to continue supporting students in their educational journey.

**The college effectively organized the session, which drew the participation of 84% of students.**

➤ **Number of Participants:** 50

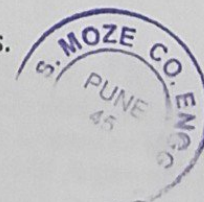

➤ **Industrial person:** Dr. Shitalkumar Adhar Rawandale (MTPO)

➤ **Summary of Feedback:**

It was wonderful EXPERINCED CONDUCTING Seminar on "Career guidance" organized by TPO (GSMCOE). Share importance of skill for Engineering Students and to motivate students for industrial training requirement. We should choose the subject and area in which we're genuinely interested and only then we will be able to succeed and make a name for ourselves. He mentioned that soft skills are something that is often noticed and that there must always be efficient communication to avoid any misunderstanding. He suggested SWOTTING ourselves and then working on our weaknesses to better ourselves

**Suggestions if any for Improvement in Future:**

1. Increase number of participants to such valuable programs.
2. Arrange 2 seminar in per semester
3. Arrange seminar on AIML or new technology .
